Livestock farmers:

Learn how to be in compliance with the new IDEM rules

If you have a permitted confined feeding operation (CFO)
or a concentrated animal feeding operation (CAFO),
new rules from IDEM are coming your way.

Meetings have been scheduled around the state (see reverse for dates and locations) to help farmers understand how the new provisions will affect them. Visit www.infarmbureau.org for more information on satellite sites and updates to guidance documents. Call your county Extension office for broadcasting availability.
