

Training Series on the Prevention of Grain Dust Explosion

June 22, 2016

3:00 PM to 8:00 PM EDT

Dinner Included

Northeast-Purdue Agricultural Center
4821 East 400 South
Columbia City, IN 46725
Phone: 260-244-7290

June 27, 2016

1:00 PM to 5:00 PM EDT

Southern Indiana Purdue Agricultural Center
11371 East Purdue Farm Road
Dubois, Indiana

August 17, 2016

1:00 PM to 5:00 PM CDT

Jasper County Fairgrounds
2671 West Clark Street
Rensselaer, Indiana

These trainings have been made possible by the support of OSHA and Purdue Extension

Presented by Dr. Kingsly Ambrose, Assistant Professor and Chad Martin, Extension Specialist
Purdue University Department of Agricultural and Biological Engineering

"On average, there are 10 grain dust explosions every year in the United States, causing damage, injury, and death," said Kingsly Ambrose, Assistant Professor in Purdue University's Department of Agricultural and Biological Engineering. "Our goal is to raise awareness of the perils of grain dust explosion and reduce this number." For more information: **Kingsly Ambrose, Ph.D.** 765-494-6599 Office rambrose@purdue.edu

Topics Covered:

- Introduction to Combustible Dust in Grain Handling Facilities
- Proper Grain Unloading
- Good Housekeeping Practices, Preventative Measures
- Proper Material Handling Techniques; Industrial Hazards
- Safety Precautions: Advanced Engineering Controls
- Demonstration of Dust Explosion
