

Artificial Insemination & Reproductive Management Training School

PURDUE
UNIVERSITY®

Extension

Purdue Extension in Cass and Carroll counties are partnering with ABS global to hold an Artificial Insemination (A.I.) class for beef or dairy producers interested in learning this skill.

This course will consist of two days of training where participants will learn reproductive anatomy, semen handling, heat detection and A.I. technique. A certificate will be issued by ABS to those who complete the class successfully. There will be a combination of classroom and hands-on training, so please dress appropriately.

Schedule

Thursday, December 15th

- 1:00 – 6:00 pm – Classroom training (Dinner will be provided)
Location: Cass County Government Building, 200 Court Park Logansport
- 6:00 – 9:00 pm – Lab work
Location: Stony Pike Livestock Auction, 830 E Main St. in Logansport.

Friday, December 16th

- 8:00 am – 3:00 pm – Combined classroom and lab work.
Location: Stony Pike Livestock Auction. (Refreshments and lunch will be provided.)

Cost: \$350.00 per person.

Register Here: <https://cvent.me/w8azr9>

Space is limited to 15 producers so RSVP as soon as possible.
